Current Job

2020 ~ Present

- For the past three years, I have been working in security, primarily in armed roles.
- Over the past year, I have been employed with "Modiin Ezrachi", where I have been tasked with ensuring the safety and security of "Ministry of health" property.
- I am now looking to transition into a career in Full-Stack Development.

Education

- Coding Academy** - Bootcamp
- Online courses:** took 11 Courses (four of them mentioned)
 - [MERN Stack Front To Back: Full Stack](#) - 15 hours (~20 hours hands-on)
 - [MERN eCommerce From Scratch](#) - 20 hours (~40 hours hands-on)
 - [The Complete JavaScript Course](#) - 70 hours (~100 hours hands-on)
 - [JavaScript Algorithms and Data Structures Masterclass](#) - 22 hours (~50 hours)
- Designed and developed 30+ React projects** ~ 150+ hours of self-work
- Developed 70+ Vanilla JavaScript projects** ~ 100+ hours of self-work
 - The Odin Project** - 1000+ hours of reading, self-made projects & research documentations.
 - Other relevant courses** - took 7 more courses for basics, foundations Of web dev - Html, Css, UI & UX, React, Vanilla.js etc. Mainly project-oriented. Overall ~ 2000+ hours of dev-work.

Military Service

Combat soldier in the unit "Duchifat", Kfir brigade.
Excelling soldier. My service required high discipline and team-work skills. Also, intense work under pressure and multi-tasking.

Technical Skills

Programming Languages: HTML, CSS, JavaScript, TypeScript.
Databases: MongoDB, PostgreSQL.
Frameworks: React, Node.js, Express, Next.js, Tailwind CSS, Bootstrap.
General Knowledge: Object-oriented programming principles, Design Patterns, Computer Networks, REST API, git, GitHub, jquery, JSON, npm, Linux, Postman, Dev Tools, Mongoose.
Soft Skills: teamwork, communication, problem-solving, and time management.

Languages

Hebrew - Native
English - Professional working proficiency.
